Objective

To conceptualize successful entertainment advertising campaigns that will strongly impact the public, then bring those concepts to life, whether through creative direction or design, because "what you don't see is what you get" (Gordon Mackenzie, *Orbiting the Giant Hairball*).

Experience

Bramblett Group Marketing, Advertising, and Public Relations

July 2015 – Present

Working for a local advertising agency in a wide array of creative areas, including photo and video shoots, photo development, print design, video editing, motion graphics, and web development.
